Welcome 2019! This is going to be a great year here at Compass RV Resort! You will notice some projects are wrapping up...the road paving, the new vinyl fencing, and the landscaping are almost complete. And new projects are getting started. We will be giving our front office building a face lift starting in Mid-January. Please watch the bulletin boards for updates on our temporary office location as well as where you will be able to pick up your mail during our remodel. We are also installing additional street lights throughout our Oasis and Pond area. We are also replacing all of our park signs. You will notice new road signs, building signs and even a new digital billboard sign out front at our entrance.
