# Rock Crusher Review

VOLUME 3 ISSUE 6

JUNE 2019

## Rock Crusher Updates

Happy Summer! School is out and the good times have begun. Rock Crusher is a great place to create special family memories. June is our friends and family month. Enjoy themed activities throughout the month with us while you make those moments you'll remember forever with family and friends.

Did you hear our team member Matt Rehkopf was promoted to Maintenance Supervisor? Please congratulate him when you see him next. His hard work and dedication is appreciated here at Rock Crusher.

We now have golf cart rentals here at Rock Crusher! Two person golf carts are available for rental by the day, week or month for your convenience. Stop by the office to learn how you can rent one.

Remember June 1 is the beginning of Hurricane Season here in Florida. Everyone should have a plan for a potential emergency situation. Shelter information is posted in the clubhouse. Please familiarize yourself with places you can go in an evacuation. If you have pets or require electricity for a medical condition please plan ahead, the power may go out. If you will be leaving your site for a week or longer please secure all items including grills, flower pots, bikes, etc. Any items left out will be disposed of without replacement. Rock Crusher is not responsible for loss or damage of any items.
