Rock Crusher Review

VOLUME 3 ISSUE 5

MAY 2019

Rock Crusher Updates

School is almost out and summer is about to begin. We are ready to make some memories here at Rock Crusher!

Join us in celebrating the month of May as International month. Check out the calendar dates for our Mexican Fiesta, Mother's Day English Tea, French movie night, USA Memorial Day and our Italian Bistro night. Look to the bulletin boards for detailed information on how you can participate.

Traveling this summer? Be sure to check out our website: www.sunrvresorts.com for ways you can save on other Sun RV Resorts throughout the country and Canada.

While driving through the resort, please remember our posted speed limit is 10mph for cars and golf carts. Golf carts and bikes must have running lights when driving or riding after dark.

Campfires are permitted on your site if you have an above ground fire pit with a wire mesh cover. No leaf burning is permitted.

Hurricane season is quickly approaching. The season begins on June 1. Please make sure you are prepared.. If you will leave your site for more than 2 weeks, be sure to secure all items and have someone that can be responsible for your belongings should an evacuation be declared.

Office hours are 8:30 am-5:00pm daily, with a Ranger on duty nightly from 5:00 pm-10:00pm. There is a call box to reach out to the Ranger should you need assistance.
