

Dear Valued Guest,

Here at Slickrock Campground, we are currently undergoing a large capital expenditure project to improve the property and, in turn, the guest experience.

The biggest piece of this project is a complete infrastructure overhaul-upgrading the electric, water and sewer services throughout the campground. This project is nearly completed but will continue off-and-on through Fall 2021. We are doing our best to keep things running as smoothly as possible during this time, but feel the need to inform you of some changes to expect when visiting our campground between now and then:

- The main entrance to the campground is open.
- Upon arrival please stop at the main office for your reservation packet. If you arrive after the office has closed your reservation packet will be in the white mailbox just left of the front door.
- Amenities temporarily unavailable: Pool. One of our three bathhouses is being renovated, please use one of the two available.
- The Camp Store will remain open; please follow the marked walkway, which will lead you there.

We are very excited for the opportunity to give you the best getaway possible and we look forward to your upcoming stay!

Please be safe while enjoying the great outdoors and contact the property with any questions. If you have a medical emergency, please dial 911. We thank you for your understanding and patience.
